

# Syllabus for Physics 261 - Fall 2014

## General Physics: Vibrations, Waves, Heat, Electricity and Magnetism (Laboratory)

**1. Official Course Description:** PHYS261 General Physics: Vibrations, Waves, Heat, Electricity and Magnetism (Laboratory); (1 credit) Grade Method: REG/P-F/AUD. Corequisite: Concurrently enrolled in PHYS260. Lab includes experiments on mechanics, vibrations, waves, heat, electricity and magnetism. PHYS260 and PHYS261 (lab) must be taken in the same semester and the grade for the courses will be combined into a **single grade for both**. To pass, students must complete passing work in **both** PHYS260 and PHYS261.

**2. Co-requisite:** PHYS260 is a mandatory co-requisite for PHYS 261. To pass PHYS261, students must complete passing work in **both** PHYS260 and PHYS261.

**3. Instructor:** Sungwoo Hong,

Dept. of Physics, Room 3260 PSC (physical sciences complex), shong710@umd.edu  
Office Hours: Tuesday 12PM to 1PM or by e-mail appointment

**4. Lecture and Lab:** To pass PHYS 261, you must complete **ALL** the labs and Culminating lab in PHYS 261 and you must enroll in and pass the lecture part of the course (PHYS 260) in the same semester. If you are not taking PHYS 260, but only taking PHYS 261 you should contact me ASAP. Otherwise you won't get any credit at the end.

### **5. Grading Policy:**

prelab questions (due <b>before</b> your lab session starts)	10%
data (due at the end of your lab session)	25%
analysis (due at the end of your lab session)	20%
postlab questions (due at the end of your lab session)	10%
Culminating lab (at the end of the semester)	35%

**6. Note:** Your score from the PHYS 261 Lab will be combined with your score from the PHYS 260 Lecture part of the course to produce **one, overall, common score for both PHYS 260 and PHYS 261**. The score from PHYS 261 will be weighted 25% and the score from PHYS 260 will be weighted 75% to produce this final score.

**7. Required Textbook:** Physics 261 Lab Manual, **Fall 2014** Edition. (**NOT** Fall 2010 Edition !)

Phys 261 Lab Manual (Fall 2014 Edition) **eBook** ISBN is 9781119038535, and the price to students is \$35 LIST. You can purchase the eBook on the Vital Source website (<http://store.vitalsource.com>) to purchase the eBook. You can search for the book by typing the ISBN into the Search box in the upper right corner of the Welcome page. You will need to download the free Vital Source Bookshelf reader to use their eBook. If you would like help downloading or using their eBook, go to the Vital Source Customer Support page: <http://support.vitalsource.com/>.

The **print version** of the new Phys 261 Lab Manual (Fall 2014 Edition) has been ordered by the bookstore and should be available in one or two weeks. (as of now: Aug. 29. 2014)

**8. Laboratory sections:** You must attend your assigned section at the scheduled meeting time.

Section	Meeting Time	Room	TA	E-mail
0201	M 8:00am - 10:20am	PHYS 3219	Shibeshi, Tigist	<a href="mailto:tigistgetaneh@yahoo.com">tigistgetaneh@yahoo.com</a>
0202	M 10:30am - 12:50pm	PHYS 3219	Du, Peizhi	<a href="mailto:peizhidu@gmail.com">peizhidu@gmail.com</a>
0203	M 1:00pm - 3:20pm	PHYS 3219	Shiple, Kevin	<a href="mailto:kevin.errol.shiple@gmail.com">kevin.errol.shiple@gmail.com</a>
0204	M 4:30pm - 6:50pm	PHYS 3219	Cao, Bin	<a href="mailto:bin.samuel.cao@gmail.com">bin.samuel.cao@gmail.com</a>
0205	M 7:00pm - 9:20pm	PHYS 3219	Pathak, Jaideep	<a href="mailto:jaideepathak244@gmail.com">jaideepathak244@gmail.com</a>
0206	Tu 9:00am - 11:20am	PHYS 3219	Komey, Adiel	<a href="mailto:akomey@umd.edu">akomey@umd.edu</a>
0207	Tu 11:30am - 1:50pm	PHYS 3219	Cao, Bin	<a href="mailto:bin.samuel.cao@gmail.com">bin.samuel.cao@gmail.com</a>
0208	Tu 2:00pm - 4:20pm	PHYS 3219	Shiple, Kevin	<a href="mailto:kevin.errol.shiple@gmail.com">kevin.errol.shiple@gmail.com</a>
0209	Tu 4:30pm - 6:50pm	PHYS 3219	Shibeshi, Tigist	<a href="mailto:tigistgetaneh@yahoo.com">tigistgetaneh@yahoo.com</a>
0210	Tu 7:00pm - 9:20pm	PHYS 3219	Chen, Song	<a href="mailto:chensongpang@gmail.com">chensongpang@gmail.com</a>
0211	W 8:00am - 10:20am	PHYS 3219	Shibeshi, Tigist	<a href="mailto:tigistgetaneh@yahoo.com">tigistgetaneh@yahoo.com</a>
0212	W 10:30am - 12:50pm	PHYS 3219	Shiple, Kevin	<a href="mailto:kevin.errol.shiple@gmail.com">kevin.errol.shiple@gmail.com</a>
0213	W 1:00pm - 3:20pm	PHYS 3219	Chen, Song	<a href="mailto:chensongpang@gmail.com">chensongpang@gmail.com</a>
0214	W 4:30pm - 6:50pm	PHYS 3219	Pathak, Jaideep	<a href="mailto:jaideepathak244@gmail.com">jaideepathak244@gmail.com</a>
0215	W 7:00pm - 9:20pm	PHYS 3219	Chen, Song	<a href="mailto:chensongpang@gmail.com">chensongpang@gmail.com</a>
0216	Th 9:00am - 11:20am	PHYS 3219	Komey, Adiel	<a href="mailto:akomey@umd.edu">akomey@umd.edu</a>
0217	Th 11:30am - 1:50pm	PHYS 3219	Du, Peizhi	<a href="mailto:peizhidu@gmail.com">peizhidu@gmail.com</a>
0218	Th 2:00pm - 4:20pm	PHYS 3219	Cao, Bin	<a href="mailto:bin.samuel.cao@gmail.com">bin.samuel.cao@gmail.com</a>
0219	Th 4:30pm - 6:50pm	PHYS 3219	Du, Peizhi	<a href="mailto:peizhidu@gmail.com">peizhidu@gmail.com</a>
0220	Th 7:00pm - 9:20pm	PHYS 3219	Pathak, Jaideep	<a href="mailto:jaideepathak244@gmail.com">jaideepathak244@gmail.com</a>

**Note:** In previous semesters, we had group A and B, and one lab was running for two weeks, one week for group A and the second week for group B. This is **NOT** true anymore. Many changes have been made in this course, and we do not have group A/B system anymore, and also each lab will run **ONLY** for one week. **You have one lab every week !** So check your time carefully and don't miss your lab !

## 9. Time Table

	Monday	Tuesday	Wednesday	Thursday	Friday
8:00 AM	0201		0211		
9:00 AM	Shibeshi, Tigist	0206	Shibeshi, Tigist	0216	
10:00 AM		Komey, Adiel		Komey, Adiel	
11:00 AM	0202		0212		
12:00 PM	Du, Peizhi	0207	Shiple, Kevin	0217	
		Cao, Bin		Du, Peizhi	
1:00 PM	0203		0213		
2:00 PM	Shiple, Kevin	0208	Chen, Song	0218	TA Meeting
3:00 PM		Shiple, Kevin		Cao, Bin	
4:00 PM					
5:00 PM	0204	0209	0214	0219	
6:00 PM	Cao, Bin	Shibeshi, Tigist	Pathak, Jaideep	Du, Peizhi	
7:00 PM	0205	0210	0215	0220	
8:00 PM	Pathak, Jaideep	Chen, Song	Chen, Song	Pathak, Jaideep	
9:00 PM					

**10. Course Outline:** You will attend a lab every week. (Again, this is different from previous semesters ! Every week you have one lab !) Look at the above table to figure out your lab time. **We don't have any actual lab during the first week. So you don't need to show up the class.** However, you should read course syllabus very carefully, and also look around ELMS Canvas to make yourselves be familiar with the system. If you need help, contact your TA (check who is your TA from the first table above) and ask help. Before you ask questions, be sure to check this syllabus first !

There are nine main experiments, one week to make up missed labs & review/practice for the Culminating lab, and the Culminating Lab itself. Each lab you must turn in answers to the Prelab questions before actual lab starts. You can do the prelab by answering the quiz in ELMS website. Prelab questions (quiz) will be posted in ELMS a few days before each lab starts. The answers are due at the start of the lab (No paper submission, submit via ELMS). You don't have to answer or submit prelabs in Lab manual. Answering and submitting the quiz in ELMS is **THE PRELAB**. Each lab session lasts two hours and twenty minutes, and begins with about 10 ~ 15 minute discussion of the lab by the TA. At the end of your lab session, you need to turn in your own lab report. It doesn't matter if your lab partner turned in a report, you need to turn in your own report. It does not matter if your report is the same as your lab partner's. Of course you have the same data as your lab partner. But, if you want to get a grade for the lab **you must turn in your report to your own Physics 261 area in ELMS Canvas** (go to <http://www.elms.umd.edu>) before you leave the lab. The report itself consists of an Excel spreadsheet which will contain all data taken, as well as analysis and discussion. The report is expected to be a succinct summary of data, analysis and conclusions without redundant or superfluous discussion. The spreadsheet itself must be turned in at the end of the lab session (upload it to the Physics 261 site on ELMS). Each of you will need to log in to ELMS at <http://www.elms.umd.edu>, select the Physics 261 link, then click on "submit Lab report" and follow the instructions to upload your spreadsheet report. Don't forget to hit the submit button. Note also that you can only submit one file, so make sure it is the right and final file that you submit. If you make a mistake and send the wrong thing, e-mail the instructor and your TA to let them know what happened along with a copy of your spreadsheet.

**The Prelab Questions:** Prelab Questions are due at the start of your lab section. The labs generally require less than two hours to perform, leaving ample time for analysis and interpretation. However, to perform the experiment in this limited time you will have to be prepared. It is therefore essential that you come to lab having completed the pre-lab questions and having read and understood the lab write-up. It should not surprise you that the answers to all the Prelab Questions can be found by reading the lab. You can do the prelab by answering the quiz in ELMS website. Prelab questions (quiz) will be posted in ELMS a few days before each lab starts. The answers are due at the start of the lab (No paper submission, submit via ELMS). You don't have to answer or submit prelabs in Lab manual. **Answering and submitting the quiz in ELMS is THE PRELAB.**

**The Final Questions in Each Lab:** At the end of each lab there is typically a set of "Final Questions". These are to be completed and turned in with your lab report spreadsheet at the end of each lab session.

**The Culminating Lab:** is a closed book practical exam, in which you answer questions about the labs, which may require you to take data using the equipment from the prior lab sessions. To give you a better idea of what is involved, there is a practice lab for the Culminating Lab. Failure to prepare for the Culminating Lab will likely be detrimental to your performance on the real exam. If you cannot attend the exam at the scheduled time, see the instructor (Sungwoo Hong) before the exam! If you miss the exam with a valid excuse, a makeup exam will be given and it is your responsibility to arrange this in a timely fashion with the instructor. Students are responsible for all material in the lab and

homework.

**Missing a Lab:** In order to pass the class all labs and culminating lab must be completed. Students are permitted to perform labs in make-up sessions **only if** they have a **legitimate reason** for failing to attend a lab session. In the event that you miss a lab session, e-mail the instructor or TA as soon as possible, who may be able to make arrangements for you to attend another section during the same week. If you do not hear from your instructor right away, then by all means try stopping by the Lab to see if there is an open spot. The labs are full and in general there are not going to be any open seats available. However, experiments run for one week and if you can take care of a missed lab in the week it is still set up, by all means do so. However, you will need to make sure that the TA who you are sitting in with, your regular TA, and your instructor, all are aware of your situation. It is not OK to just go to a section because it is more convenient than your assigned section.

**\*Important Notes:**

(1) YOU MUST COMPLETE ALL THE LABS IN PHYSICS 261 IN ORDER TO PASS BOTH PHYSICS 260 AND 261.

There are no exceptions. Students who do not complete all of the experiments in physics 261 will automatically get an F in both PHYS 260 and PHYS 261. Don't believe anyone who tells you differently.

(2) You must turn in your own lab report to ELMS at the end of your lab session. You can't turn it in later and you no one else can turn it in for you.

(3) You must take the Culminating Lab, which is a practical exam, in order to pass the course.

(4) No lab, prelab, or exam scores will be dropped. Missing a lab will require that you make it up as soon as possible, and preferably in the same week that it is missed. The new due date must be arranged by consulting with the instructor (shong710@umd.edu) or TA as soon as possible after it becomes apparent that there will be a problem. If you are going to miss a lab because of a religious holiday, it is your responsibility to inform the instructor in advance, so that suitable arrangements can be made.

**Excuses:** Missing a lab or an exam is not allowed without a **valid documented excuse** as defined by the University (medical problem, religious holiday, or serious family crisis). In all cases, a makeup lab or makeup exam must be completed in a reasonable amount of time or you will receive a score of zero for the assignment or exam. The makeup test or lab, and the due date, must be arranged by consulting with the instructor or TA as soon as possible after it becomes apparent that an exam or lab will be missed. If you are going to miss a lab or exam because of a religious holiday, it is your responsibility to inform the instructor in advance so that suitable arrangements can be made.

**Academic honesty:** I expect you to get together in small groups and discuss the labs. However, do not use these discussions as an excuse to copy someone else's data, prelab answers or solutions to the homework or let someone else copy your solution. That is cheating. The right way to proceed is first to read through the lab, do the prelab, and then take a look at the final questions. With this preparation you can discuss with others and see if you have missed something. All work you submit must be your own and should reflect your own understanding. Academic dishonesty, including copying homework, Googling for solutions on the web, or cheating on an exam, is a very serious offense which may result in suspension or expulsion from the University. Don't do it. Details on the policy can be found at [www.testudo.umd.edu/soc/dishonesty.html](http://www.testudo.umd.edu/soc/dishonesty.html).

**Help with understanding the material:** Learning physics and engineering is a cumulative process: the knowledge learned at each stage builds upon previous knowledge and skills. If you find that you are falling behind, seek help early on, rather than waiting until just before an exam. Help can be obtained

by:

- Regularly attending lecture and discussion sections.
- Visiting the Slawsky Clinic, Mon. – Fri., 10-11 and 12-1, in room 1140 Physics Building.
- Going to the office hours of the instructor or your TA.
- The Learning Assistance Service (2201 Schoemaker Bldg., 301-314-7693) helps students with time management, reading, note taking, and exam preparation skills. If you find that you are having more general academic problems, you can try stopping by Room 1120 Physics and talking to Tom Gleason, the Physics Coordinator of Student Services. Tom graduated from Maryland and also used to be an advisor in Letters and Science (undeclared majors). He is now the advisor for physics majors, but he knows all the University rules and is a great person to talk to because of his perspective on Physics and other programs at the University.

### PRELIMINARY SCHEDULE for Physics 261 (Fall 2014)

Week	Dates	EXP	Main Topics
1	Sep. 1 - 5		No Labs This Week
2	Sep. 8 - 12	1	Introduction to Data Analysis with Spreadsheet
3	Sep. 15 - 19	2	Uncertainty in Measurement
4	Sep. 22 - 26	3	Position, Velocity and Acceleration
5	Sep. 29 – Oct. 3	4	Momentum and Drag
6	Oct. 6 - 10	5	Centripetal Motion
7	Oct. 13 - 17	6	The Pendulum
8	Oct. 20 - 24	7	Forced Harmonic Motion
9	Oct. 27 - 31	8	Waves on a String
10	Nov. 3 - 7	9	The Ideal Gas Law and Absolute Zero Temperature
11	Nov. 10 - 14	10	The Review for the Culminating Lab
12	Nov. 17 - 21	11	The Culminating Lab
13	Nov. 24 - 28		Thanksgiving Break – No Labs
14	Dec. 1 - 5		No Labs This Week
15	Dec. 8 - 12		No Labs This Week
15	Dec. 12		Last Day of Classes
16	Dec. 13		Reading Day
16/17	Dec. 15 - 20		Final Exams
17			Main Commencement Ceremony
